

Knitting and Art Portfolio for LAAMS

By Mary Zech, Ava Gridley, and Kat

Sleight of Hand at the Living Gallery

"Sleight of Hand" was an immersive fiber arts experience at the Living Gallery. Put together by members of our knitting club, the entire space was covered in handmade textiles.

The group coordinated with each other, working both independently and in groups to put together an immersive world where everything was knit, crocheted, sewn or a fiber art piece. Along with the exhibition, there was a silent auction, a DJ, musical artists, performances, and a film screening.
